1942 War Bond Sales

R. H. Wright, County Chairman on War Savings Bonds, has filed a complete statement on the sale of bonds in Randall county for 1942 as follows:

At the beginning of the year 1942 Randall County was assigned a quota for the War Savings Bonds and Stamps program for the year 1942 in the amount of $243,000.00.

For the first four months of the year, January, February, March and April, the quota on an average monthly basis of $20,250.00 of the quota as at first set for the year, would amount to, a total for the one-third of the year ..... $ 81,000.00

Beginning with the month of May, the quota program was made on a monthly basis, that is, the quotas were assigned month by month. The quotas assigned for the months, May to December, inclusive, being as follows: May $13,900.00; June $19,800.00; July $21,600.00; August $17,500.00; September $20,400.00; October $20,400.00; November $20,400.00; December $21,300.00. Making a total of the quotas for the eight-months period, May to December, inclusive 155,300.00

The total of the quotas for the year, on this basis $236,300.00

For the first four months of the year, January, February, March and April, the purchases of War Savings Bonds of all Series E, F and G, at issue price, not including sales of War Savings Stamps, additionally, amounted to a total of ..... $ 54,491.00

The purchase of War Savings Bonds for the last eight months of the year, May to December, inclusive, of all Series E, F and G, at issue price, not including sales of War Savings Stamps, additionally, amounted to 186,727.00

This making the total of purchases of War Savings Bonds of all Series E, F and G, at issue price, for the year $241,218.00

The sales of War Savings Stamps handled by the Post Office during the year 1942, of which sales were made direct, and also to the Public School, College and other agencies handling War Savings Stamps for resale, totaled in the aggregate, $15,170.85.

The sales of War Savings Stamps are not added in additionally with the above totals of purchases of bonds, as from time to time War Savings Stamps were exchanged for War Savings Bonds here, the bonds so purchased were included as bond purchases.

We wish to thank the College and the Public School and the retail stores for their splendid co-operation in handling War Savings Stamps for resale.

The quota assigned to Randall County for January, 1943, is $23,500.00. The purchases of War Savings Bonds of all Series E, F and G, in January, 1943, up to and including the 23rd of the month, amounted to $17,068.00.

Buffs Lost in Buffalo Game

Two Starting Men Out by Sickness: Playing Tonight in Madison Square Garden

BUFFALO, N. Y.—(Special)—On the same Memorial Auditorium floor where a year ago they scored 105 points against New York State, the Buffaloes of West Texas State lost to Canisium College Saturday, 52 to 41.

But it was a different West Texas team. Only Jack Maddox was present from last year's starters, and he was playing in his first game of the season. Both Buffalo starting guards, Captain Frank Stockman and Charles Johnson, remained in their hotel rooms during the game under a doctor's orders. Both were stricken with grippe while enroute here. Neither was seriously ill, but by keeping them indoors Coach Gus Miller hoped to make them available for the New York game Thursday.

The Buffs grabbed the lead against Canisius and led at the end of the first quarter, 10 to 5. Then the faster northerners began driving hard under the basket. They led at the half, 22 to 17. The margin was stretched to 37-25 at the three-quarter mark. As the game moved toward the close, the play became exceedingly rough and the officiating absent for any offense short of assault and battery. The tiring Buffs made several rallies but the Buffalo boys were hitting and the Texans were disorganized and inaccurate.

Seven thousand persons, minus gasoline but long on enthusiasm, saw the game and the preceding one, in which Manhattan College of New York defeated Niagara, 49 to 33.

The Buffs were not without vociferous support. In fact, probably no home audience this year gave the tall men as much loyal support as did several hundred fans from Niagara Falls. These rooters, old rivals of Canisius in all sports, were getting warmed up for a renewal of this rivalry next week. Their rendition of "Deep in the Heart of Texas," however, left something to be desired, to put it mildly.

Canisius recently defeated Long Island U., the Buffs' next opposition, in a local game. L. I. U. is noted throughout the East as a rough-and-tough outfit without much finesse. The result Thursday is expected to hinge on the physical condition of the West Texas State squad.

Group of Men to Fort Sill Today Start Training

Of the 19 boys who went to Lubbock last Wednesday afternoon for their physical examination, only two were rejected: Joed Forbus and Roy Lee Rolan.

Three of the boys went on to Fort Sill, not asking for the week's furlough, Albert Francis Lange, Leroy Frederick Boehning and Truman Ralph Duckett.

Two groups of boys left this morning. Billy Joe Storseth, James Ray and Thomas Rex Daniel, all members of the Amarillo Sandie football team, have been assigned to work in the University of Chicago after being outfitted at Fort Sill.

The second group was headed by Leslie Calvin Curb, the members being, Carl Alton Small, Ray Edgar Long, Clinton Granville Hail, Dewey Melvin Turner, Jackie Neil Cooper, Alma Roy Morgan, Alton B. Lockett, Benino Hernandez, James Roy Shelnutt, Frank Henry Zahrt.

William Frederick Schuette reported to Fort Sill Friday as a volunteer.

Notices are being mailed by the local board to 32 men who will go to Lubbock for their physical examination on February 18.

According to instructions from Washington, married men who have no children will be given physical examination in preparation for a heavy call which is expected in March.

Trim Trees to Make Fruit Improvement

Fruit trees owners are warned that now is the time to prune fruit trees in order to improve the quality of fruit in the spring.

While shade trees may be pruned any time during the year, it is believed by nurserymen that this time of the year is the best to remove excess growth on trees and to shape them up for spring growth.

Mrs. Thompson Is Named Secretary

Takes Place at Head of the Panhandle Hardware & Implement: 2nd Woman Sec'y.

C. L. Thompson resigned the post of secretary with the Panhandle Hardware and Implement Association at the meeting which closed in Amarillo Friday. He has been secretary for 24 years and members expressed deep appreciation for his long and efficient service.

The directors insisted that Mrs. C. L. Thompson accept the post of executive secretary, and she accepted for the coming year.

Mrs. Thompson will be the second woman executive secretary of a hardware association in the nation. Miss Louise Thompson has been secretary of the North Dakota association for a few years.

Mrs. Thompson is thoroughly familiar with the duties of the office since she has assisted Clarence on this job for several years, and has performed most of the duties of secretary for the past three years.

Another Member of WAAC Goes to Training Camp

Miss Lulu Beatrice McCuistion has joined the WAACs and is now in training at Fort Des Moines, Iowa.

Miss McCuistion is a daughter of Mr. and Mrs. J. W. McCuistion and was formerly a student in West Texas State. She has been in California for several months, and enlisted there.

Herbert O. Stroud Promoted to 1st Lieut. Air Corps

LIEUT. HERBERT O. STROUD

Lieut. Herbert O. Stroud was promoted from Second to First Lieutenant on Jan. 15 at Camp Daniels, Augusta, Ga.

Lieut. Stroud is Statistical Officer in the Army Air Corps.

He volunteered in the army in January, 1942. He was promoted up through the ranks and went to Officer Training at Miami Beach, Fla., June, 1942. After completion of a six weeks special course at Harvard University he was commissioned Sept. 12, 1942.

His promotion comes in recognition of his splendid service in the Air Corps.

Lieut. Stroud is the son of Mr. and Mrs. W. H. Stroud of Canyon.

Lester A. Smith Visited at Home

Was Decorated in Alaska While Serving as Radio Operator on Bomber

CADET LESTER SMITH

Flying Cadet Lester A. Smith, Jr., was home this week for a short visit with his parents, Mr. and Mrs. Lester Smith.

Lester was a Sergeant in the American forces in Alaska when he was decorated for "Heroism of extraordinary achievement in air action." He saw action against the Japs in the Aleutians and Kiska as radio operator on a bomber.

He was transferred to the air corps in August and transferred back to Santa Ana, Calif., for training as a Flying Cadet. He returned yesterday to his base for training.

College Reserves Are Slated to be Called Up Soon

According to announcement by the War Department Monday, college men in the reserve corps will be called into active service in a very short time.

There are 135 men attending West Texas State who are in the various reserves, and they are expected to be inducted at frequent intervals during the spring.

Three More Boys Are Registered Military Service

Boys who have become 18 years of age during January are required to register for military service on their birthday. Three have registered since the first of January:

Roger Burks Gist, Jr.
LeRoy Moreland.
Ivan Hugh Bullard.

Questionnaires will be mailed to those registering in January soon after the first of February.

20 Naval Aviation Cadets Arrive for W. T. Flying Field

Twenty naval aviation cadets arrived yesterday to start their training at the West Texas State Flying Field. Seven other boys were here before the new arrivals came from naval headquarters in Dallas.

Flight Contractor G. W. Cox states that the flying field is developing rapidly. One instructor has been on the ground for several days, and he is expecting other instructors daily.

Improvement on the field are being made as rapidly as the weather permits, according to Mr. Cox.

J. W. Spencer Called By Death of Mother

J. W. Spencer was called to Alvord Wednesday by the death of his mother, Mrs. S. B. Spencer.

He returned home Saturday, accompanied by his nephew, Emmet Bunch of Fort Worth, who is visiting here.

Flew Atlantic for War Conference

PRESIDENT FRANKLIN D. ROOSEVELT again broke all precedents by flying to Africa where he met with Premier Winston Churchill in a 10-days conference on the war. Newspapers and radio stations were advised two weeks ago that the President was on another war mission, but no word of the conference in North Africa was given to the world until the released hour was reached at 9 o'clock Tuesday night.

Another Cold Wave Drops Mercury Tuesday Morning to 8 Above Zero

Temperature Was Not as Low As Was Registered by Cold Wave Last Week

Another cold wave hit the Panhandle Sunday night, but the temperature did not tumble as low as was registered last week when 11 degrees was reached.

The temperature registered 12 degrees above Monday morning; 8 degrees above Tuesday morning, and 18 degrees above yesterday morning.

Birthday of the President Jan. 30 Funds Are Sought

January 30 will be observed thruout the nation as the President's birthday.

Judge A. H. Hunt has been appointed county chairman to raise funds for the infant paralysis fund. Milk bottles will be placed at several places over Canyon, and citizens will be asked to drop in dimes and other coins. This fund will be used to fight the dreaded disease of infant paralysis.

No President's ball has been planned for Canyon.

All citizens are urged to make a contribution before the end of the week.

To Elect Chamber Commerce Heads On Tuesday Nite

A meeting will be held of all members of the Canyon Chamber of Commerce next Tuesday evening at 7:30 o'clock at the City Hall for the purpose of electing officers for the coming year.

It is likely that a dinner will be held later by the new officers who are elected Tuesday night.

All members of the organization are invited to attend the meeting Tuesday night.

Charles Hileman Died Monday

Charles Hileman died at the family home in Clovis Monday. Four brothers living in Canyon were called to his bedside, Bob, Newt, Jeff and Bill Hileman. The parents were among the pioneer stock-farmers of Randall county, and lived in the Jowell community for 40 years.

The deceased is survived by his wife and four children, two sons being in the army.

Poll Taxes Not Paid Are Lien

Delinquent Charges on 1942 Taxes Which Are Not Paid Starts February 1

January 31st is the deadline on the payment of 1942 taxes. This means that those who have not paid their taxes should do so before Saturday night of this week.

Poll tax payments are light this year due to the fact that so many men are now in the armed service. However, poll taxes are a lien on the property which any person owns, and those who have not paid their poll tax should do so at once. While there may not be any elections of importance during the year the school fund of the state will suffer for each poll tax which is not paid.

Taxes which are not paid by the end of the month will be delinquent on February 1st and a penalty and interest will be added to the tax bill.

Winter Term of District Court Ended Saturday

The winter term of district court came to an end Saturday when Judge Henry S. Bishop closed the term.

F. C. Gruner, B. A. Burus and J. A. Guthrie served as jury commissionerers to select jurors for the next term.

The following cases were disposed before closing the term:

Federal Farm Mortgage Corp. vs. Harold Wall, et ux, judgment for the plaintiff.

Adoption proceeding for Wayne Leslie Ladehoff by Mr. and Mrs. Donald L. Ladehoff were completed.

G. M. Abbott was given the custody of his son, Medford E. Abbott.

Juanita Fay Pearce was granted a divorce from George Pearce.

Myrta Pearl Martin was granted a divorce from Sam Martin.

Carolyn Gertrude McCullough was granted a divorce from George A. McCullough.

Only Newspapers May Mail Copies to Men Overseas

Owing to the increasing weight of mail destined to boys overseas, both packages and newspapers, an order has been issued by the War Department that henceforth packages weighing more than five pounds cannot be mailed overseas.

At the same time it was ordered that newspapers could be sent to men in service overseas only by the publisher of newspapers.

Parents and relatives of boys who have been regularly sending the home town papers, or have been gathering up several papers, wrapping them in a bundle and sending them can no longer do so.

Actually the sending of papers to men overseas when mailed by the publisher cost less than the postage required in sending the paper which you have first read and then decided to send it on. The new order is now in effect.

Ration Meeting Will Prepare for Issuing Book No. 2

Officials from the district rationing office at Lubbock were here Monday advising the local War Price and Rationing Board regarding the issuance of Ration Book No. 2. The date has not been set for signing up for this book.

School teachers will be called upon to again sign up the citizens of the county for this book.

T. S. Stevenson, clerk of the local board, stated that a meeting of several county boards would be held in Amarillo Feb. 8 at which time full instructions would be issued in regard to the handling of Ration Book No. 2.

The local board has received most of the supplies for this sign up.

GOES TO NEW YORK

Miss Doris Marie Ball, daughter of Mr. and Mrs. R. E. Ball, left Wednesday for New York where she will be an operator for Western Union.

Miss Ball has been an operator in Amarillo since June. She will be "loaned" to the New York office for six months detail trip. The building that she will work in is the largest Western Union Building in the world.

Mrs. G. B. Bourland has returned home from St. Anthony's hospital after an operation on her eyes.

BALANCING THE MANPOWER

Washington is badly worried over the distribution of the nation's manpower. It is the case of locking the barn after the horse has been stolen.

It is reported that 2 million men have left the farms. The food situation is becoming critical, and unless more men are assigned to farm work, there will be a shortage of food before the war ends.

The army is criticised for taking too large a percentage of farm laborers. As a matter of fact the exodus from the farms started long before the war. During the depression men were leaving the farms, and when the defense program started thousands of young men were lured from the farms by the high wages being paid in factories. Selective Service has further depleted farm labor, and will continue drawing from the ranks of farm labor so long as the war lasts.

In the meanwhile, the army is calling for more men; munition plants and war industries are calling for more men. The armed forces propose to take 40,000 per month during 1943.

There will not be a sufficient number of able bodied men to go around. It would be silly to induct thousands of men into the armed forces who could not be armed, clothed and fed. Likewise it would be equally foolish to make more tanks, guns, ships, planes and other munitions than could be used. And on the other hand it would be equally foolish to withdraw men from food production so that our soldiers and munition workers would have to go hungry.

The manpower commission was given authority too late to really be of the greatest service to the country. It is a triangle which must be worked out and made effective immediately.

And in the meanwhile, civilians, about 50% of the entire population, must be fed, clothed and have the opportunity to make a decent living during the war.

Peace talk prevails in this country. It is the kind of talk that we like to hear—what to do with the Axis nations after the war. In 1918 we washed our hands of European affairs and said we were through. Within 25 years we were in another war, more terrible than the first one, and there is nothing to do but see it through. Regardless of cost in men and money there is nothing else we can do. But the world cannot stand such destruction every quarter century. We must think about the punishment to be meted out to those who were responsible for this war, and see that it is administered. Kaiser Bill retired with comfort and ease after the first war, and the United States refused to do its part in policing the world. If the people of this generation decide that another world war must not occur, it is time that we start doing something about it while we are bubbling over with patriotism and willing to do anything for the benefit of our nation and our Allies.

It is disgusting to hear of the many French factions which are trying to capture the glory of North Africa. France fell because of the large number of political parties, and the graft and greed which prevailed in the nation. It seems that the French of North Africa are as badly split up into factions as were the natives of the mother nation. After the terrible whipping at the hands of Hitler, it would seem that the French of North Africa would have learned a lesson in co-operation. Sometimes we become disgusted with two major political parties in America, but French politics usually boast of a dozen or more contending factions.

Redistricting bills for legislative districts have been introduced in both houses of the legislature. It is proposed to place Randall county in a Senatorial District of which this county would be on the northern boundary. So far as the House is concerned, the district would extend to the New Mexico border and then north to include Dalham county. This would be a terribly proportioned district. There are some mighty fine people living in these counties, but they are certainly a far distance apart. We hope that Senator Grady Hazlewood and Representative G. H. Little will be able to work out a more convenient district.

War news is all good this week. The United Nations have made gains on every front. Rommel is about done for in North Africa. Mussolini has lost all of African empire, and it will be only a matter of a few weeks until the Axis will be pushed out of Africa entirely. The Russians are still pushing the Germans back, slaughtered them by the thousands, according to Moscow reports. Hitler is jittery for fear that the United Nations will strike at some other point on the continent. This all looks mighty good. The only bad spot is the heavy loss in shipping by the subs, which are admittedly sinking more of our ships than it is healthy for us.

Men are no longer the lord of creation and masters of all they survey. The women of the world are taking a most prominent part in the war. Never before have women played such an important part in a war. In past wars women's work has largely been confined to nursing and home Red Cross work. This time we find them engaged in the construction of planes, ships, and all kinds of munitions. Women are being employed as instructors in flying schools, and now the WAACs, WAVEs and other women organizations are relieving men from clerical duties for active combat.

The News is glad to know that copies of this newspaper are being mailed every week to several score of men in service. We have orders to mail The News directly to a large number of men in service. As a matter of convenience, it would be cheaper on each family to have the newspaper mailed from this office than to pay the postage every week. Under the new postal regulations newspapers may be mailed overseas only by the publishers. This is for the purpose of securing uniform and proper wrapping and mailing.

According to word from Washington, the President is agreeable to running for a fourth term. When the third term came up, Roosevelt claimed that he was necessary since there was no one else to run the war. If the war is over by 1944 the President will claim there is no one but himself able to write the peace. The President is not afraid of breaking precedents, and no doubt is looking longingly toward a fourth term.

Tax paying time is nearing the end. All 1942 taxes must be paid on or before January 31. Poll taxes must be paid by that time in order that the holder be able to vote in the elections this year. Poll taxes not paid during January must be paid later by those who have property against which assessment may be made.

The News would like to have the pictures of every man in service from Randall county. The only charge of publishing the pictures of men is the cost of the engraving, which is a small item.

Women are now forced to slice their own bread. It is figured out that they will receive in pay about one-fifth of a cent per hour. Just think of the money we are saving in slicing our own!

Death and taxes are certain, but taxes are a first mortgage, death what's left.

Religion alone does not make a man righteous, right living does.

Texas Teachers Association To Meet March 19

The annual spring conference of District 9 of the Texas State Teachers Association, known generally as the Northwest Texas Conference for Education, will be limited to a single day when it is held in Amarillo next spring. The date will be March 19.

The decision to limit the meeting to one day was taken by the board of directors after a study of the transportation difficulties involved. According to Dr. A. M. Meyer, district president, the directors decided that the conference should be kept intact and that a one-day session would be possible and desirable.

"It is recognized that there will be some obstinate factors, such as travel condtions," Dr. Meyer said, "but in times like these teachers have responsibilities to the children and to the nation and they must assemble periodically to exchange ideas."

The Amarillo meeting will have a limited program, including perhaps two general sessions, mid-day luncheons, and sectional gatherings according to interests. District delegates also will meet for the election of officers and other business.

In normal times, the Northwest Texas Conference for Education is the largest convention which regularly meets in the Panhandle. Each year it brings nationally known educators and other speakers to its general sessions.

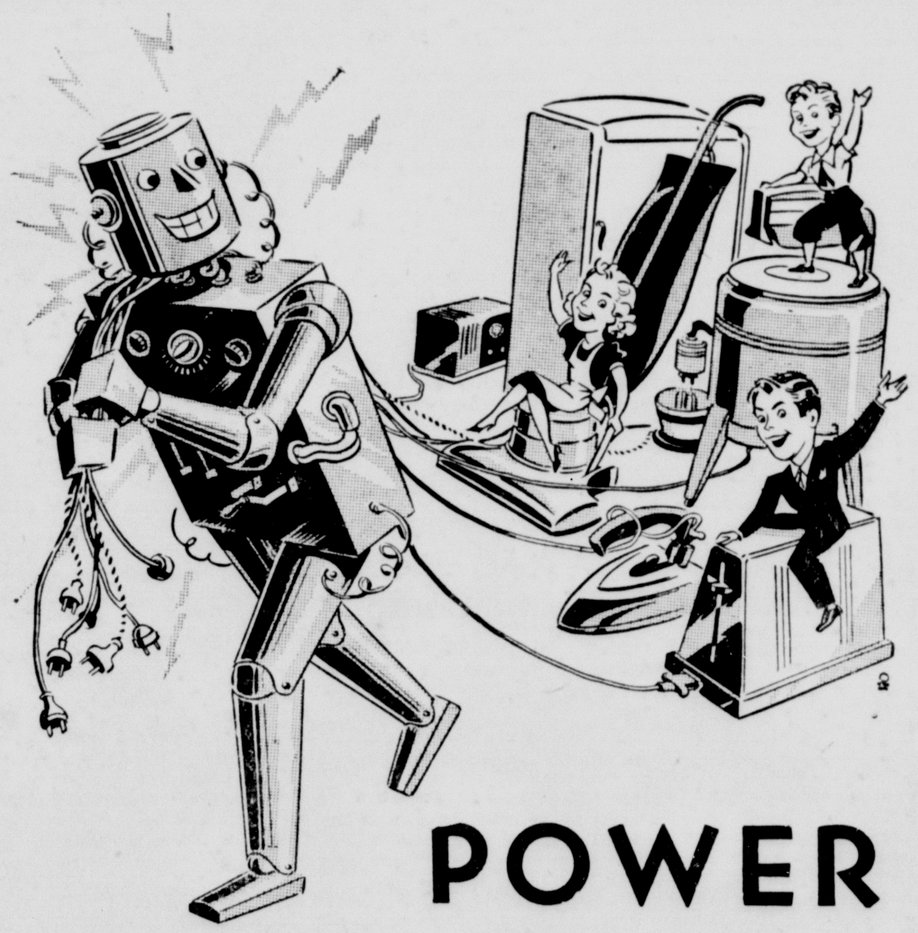
Romance by Mail

For three years, pretty Mildred Deman, Atlanta, Ga., stenographer, has been corresponding with Arthur Earnshaw of the Royal Navy. A friend asked Mildred's permission to give her address to a mail-hungry sailor, and they've never met. They plan to be married as soon as Arthur can visit the United States to meet his fiancee.



POWER

Look back ten or fifteen years ago . . . compare the use you made of electricity at that time with the innumerable electric powered household utensils you are using today. In fact if you sat down and really counted all the different ways you use electricity to serve you throughout the day, you would then realize what an indispensible servant you have working for you constantly. The most amazing fact of all is that the more you use you make this electrical servant the less it costs.

There is no ration on electricity — put it to work in your home and save many hours of labor.

Amarillo Center Enrollment High

Registration Will Continue For the Remainder of Week

Amarillo Center will have a greatly increased enrollment in the spring semester, according to Director Roy G. Boger, who has been busy for the past week preparing for the new semester and enrolling students.

Faculty members who will teach courses at the Center were in Amarillo Friday night to help enroll students. Some 300 persons were at the Center for the selection of courses and arrangement of classes.

Registration will continue several days. The following schedule of courses and classes have been arranged:

Monday: Business English; education course of thesis writing, creative hobbies; journalism (will probably be changed to another day after the first class meeting); raising Victory gardens.

Tuesday: Business law; English studies in American literature; advanced accounting; two courses in education; guidance in elementary school and comparative education; two courses in history: World War issues and post-war problems and history of the Great Plains; study of the pre-school child (this course probably will meet in the afternoons later); wood carving; beginner's conversational Spanish course; longer forms of public address course.

Wednesday: Economics of war economy; English; modern novel and short story; American diplomatic history; business mathematics.

Thursday: Elementary accounting; geography of Latin America; government: International politics; history of North Africa and the Near East; advanced course of conversational Spanish; home economics; economic and social problems of the home; course in painting; improvement of personality (will probably be changed to another day of the week).

High Tribute Is Paid W.T.S. Cage Teams By Cohen

High tribute was paid to cage teams of West Texas State College by Haskell Cohen in this week's Photo Story.

His lead sentence states that "The basketball teams of Stanford, Indiana, Long Island and West Texas State College are just about the finest in collegiate circles, year in and year out."

Cohen was writing an illustrated feature on the Renaissance Five, a seven-man professional team from Harlem, whom he declares is the best in the game.

Lost Its Novelty

Many stories are told of a certain section of the South where the inhabitants are noted for their longevity, but none better illustrates the view the natives take of this matter than this:

"Your father must be getting pretty well on in years," said a cousin from the city to a farmer.

"Yes; pap's nigh on to ninety."

"Health good?"

"No; not jest now. He ain't been feeling himself for some time back."

"What seems to be the trouble?"

"I don't know. Sometimes I think farming don't agree with him any more."

Fire in the telephone office threatened the Thompson Hardware Co. Fortunately the flames were discovered in time to save the building. The telephone office is over the hardware store.

Came the Dawn

The inebriated one was leaning against a lamp-post when a policeman found him. He shook the man.

"You can't stand around here," he advised. "Go on home to bed."

The reveller blinked a bleary eye.

"What time ish it?" he inquired.

The officer looked at his watch.

"It's just six o'clock in the morning."

"Too late," the other hiccoughed. "I get up at five-thirty."

Unfair

A famous alienist was visiting Bermuda and a certain prominent official happened to meet him. The official, after discovering that the alienist was authority not on immigration but on the mentally unsound, asked:

"Doctor, how do you really tell if a person is insane?"

"Oh, we merely ask him a few ordinary questions which ordinary people can answer correctly."

"What type of question?"

"Well," replied the alienist, "this is the sort of thing. Captain Cook made three voyages round the world and died on one of them. Which was it?

"Oh, I say," objected the official, "I think that's a bit steep. I'm not very good at history."

Next to the love of God, the love of country is the best preventive of crime. He who is proud of his country will be particularly cautious not to do anything which is calculated to disgrace it.

Was Still Behind

A salesman who had been traveling on a certain railroad for a number of years was complaining about the trains always being late when, to his surprise, the train came in on time. He immediately went to the conductor and said: "Here's a medal for you. I've traveled this road for over 15 years and I'll be hanged if this isn't the first time I ever saw a train on time." "Keep the medal, sir," said the conductor, "this is yesterday's train."

NATURAL GAS

SO EASY TO USE SO IMPORTANT TO SAVE

We realize Natural Gas is so easy to use that it is sometimes wasted unintentionally.

In the territory we serve the demand for this fine fuel has greatly increased, due to one phase or another of the war effort.

In normal times, we could obtain materials needed to increase the capacity of our facilities so that we could meet all demands. Today, that is impossible. That's why we are asking you to help by reducing your use of natural gas to the minimum on very cold days.

Here's How You Can Help

1. Shut off parts of the house not in use.
2. Do not keep your rooms too warm. Train yourselves to become accustomed to lower temperature.
3. Refrain from using the range oven for room heating.
4. Keep your heating equipment in top-notch condition.
5. Install insulation, storm sash, weather stripping, and caulking if possible.
6. Use a low blue flame for cooking, cook vegetables in as small an amount of water as possible, cook more one dish meals, and keep burners clean.

Dinner Honors Selective Service

American Legion Sponsors a Testimonial Friday Night to Those Serving on Board

A large group of local citizens attended the dinner Friday night given by the Palo Duro Post in honor of members of the Selective Service board.

J. B. Speer was master of ceremonies.

After the group sang "God Bless America," the invocation was given by Rev. C. C. Armstrong. During the dinner music was furnished by Misses Anita Davis and Carolyn Black.

The purpose of the meeting was explained by Post Commander T. A. Black. Dr. Harris M. Cook then expressed the appreciation of the ex-service men and citizens of the community for the work which was being done by the local board. Selective service is the basis for rationing manpower. Three interests are vital to the war: the armed service, war industry and agriculture. It is necessary that the local board pass upon the qualifications of men to determine where they are best fitted.

Selective service was used in the first war, and now is being used more effectively in this war. Placing men in the branch of service where they will be of the greatest service is a great responsibility, and the local board was praised for the work which was being accomplished.

While other forms of rationing are essential to carry on the war program, under Selective Service members fo the boards are called upon to ration human life, stated Dr. Cook.

Clyde Warwick represented the local board in reporting upon the work in Randall county. This is one of the very few boards in West Texas which has experienced no change in membership since it was started. Dr. R. P. Jarrett, chairman, and W. J. Flesher, the third member, were presented, together with Mrs. Tommye Prichard, clerk, members of the advisory board, the medical examiners and the appeal agent.

The changing regulations have been the greatest trouble of the local boards. Much confusion has resulted by radio and newspaper reports which are inaccurate. The scramble for men among the armed forces, war industries and agriculture has added to the confusion. Board members try to take the regulations as they are issued, study them carefully and then administer them t tohe best of their ability.

There are 2213 men registered in Randall county; 644 above 45 years, and 1569 of military age.

The War Department up to December 1 has given credit for 449 men in service, but the actual number is near 525 at the present time.

There are 20 men in category 2, single men with dependents; 135 in category 3, married men without children; 755 in category 4, men with children, but 445 of these are 38 years and older.

There have been only nine appeals from the decision of the board, and all but one of the men appealing have been sent to the army as the local board was upheld by the Appeals Board. "In the light of our record, we claim that we have done a pretty good job in administering Selective Service," stated the speaker. Local citizens who made possible the dinner were thanked for their kindness and expression of confidence.

The meeting was concluded by singing America.

V-MAIL

To the men overseas, letters from home are morale, almost as important as ammunition. V-Mail saves vitally needed cargo space. 100 pounds of V-Mail equals 3¼ tons of regular mail, 1800 letters converted into V-Mail is scarcely larger than a package of cigarettes, and too it is much faster in transporting as it has Number 1 priority by the Army and Navy over all other personal mail. Send all overseas letters by this method.

Dr. Melvin Eidson Talked Tuesday at Rotary Luncheon

Dr. Melvin C. Eidson of Luling, Baptist pastor and member of the Board of Regents for Teachers College, spoke Tuesday at the Rotary Club luncheon. He was introduced by President J. A. Hill.

Dr. Eidson gave five things by which men are judged: Creed, Conversation, Contributions, Conduct and Character.

What we believe is being tested today more than ever before, stated the speaker. The present war is being fought to save the Church and to maintain Democracy. He warned men to watch what they say that our cause be not hurt.

Contributions are measured not only by dollars, but the giving of out time and talents. We may have to give all in order to save our institutions, but this gift will be worthwhile.

Conduct is what men do. In a fit of anger men may destroy what it has taken them a lifetime to build up. This is no time for the poor man to complain or be impatient at his plight. Likewise the rich man should not seek to profit by conditions.

Reputation is what the world thinks you are; character is what you really are. 15,000 million men have been slain in the battles of the world. This war came at a time when the world had never enjoyed such freedom, and more churches and schools, had more luxuries. The speaker called all of the isms which have been loosened on the world "hellishisms." Democracy will survive if men can stand this present storm.

The speaker stated in Texas we have been spending seven times as much for crime as we have for education. This proportion must be reversed. Our job is to educate the youth so that they can enjoy something better in the years to come.

Sgt. Lester Smith, Jr., was introduced by T. S. Stevenson and expressed great appreciation for the kindness shown him by the home folks. Sgt. Smith was decorated for valor in Alaska.

Visitors were: E. Kancher, F. R. Barnes, of Amarillo; Ed Weiss of Pampa; M. E. Cantrell, C. R. Burrow, T. A. Black, T. C. Thompson, J. J. Walker, Kenneth Fincher, Bob Bellah, all of Canyon.

During the past week, while wandering over the school grounds, many important questions have popped into the wandering mind of Cal. Maybe, on wandering through these lines, you can supply the answers to some of them.

WHO were the girls from W. T. who came to visit Canyon High School last Friday? Could it be that Juanell Campbell came to see that very handsome twin, Troy Cook, and Leola Jones and Rosalie Campbell came to see Valeta Haines? Well, anyway, we were glad to have them as visitors.

WHAT notable deed did James Roach perform so that he was worthy of spending the night in the Happy Jail? It couldn't have been that he missed getting off the bus in Canyon!

WHERE did Don Standley get (He was seen going to basketball that brilliant pair of red shorts? practice in them, and confidentially, his face was as red as the shorts).

WHY was Frankie Phillips so very, very angry Monday? Was it because someone told her that her hair was about to "take off?" And she had just fixed it, too!

HOW does news get around so fast? I heard that our new teacher, Miss Whitten, has a terrible habit. She even admitted it herself. Beware! It's pop quizzes!

WHEN did Ridings Sloan start flirting with all the new girls? I saw him winking at one in the study hall. Wonder if he's trying to make Charlene Davenport jealous?

DO YOUR PART

Students of Canyon High School, are you doing your part in our War Effort? Do you realize that boys and girls of high school age make up over ten per cent of our nation's population? With so great an interest in a country, it is our duty to do everything that is in our power to hasten the end of the War and restore peace and prosperity to that country.

We, the future leaders of a country at peace and possibly the citizens who will design the terms of that peace, should work and study so that we may be capable of carrying forward a war weakened nation and, when the time comes, to turn over our share of that nation to the next generation, we may leave it with a clear conscience knowing that we have done our work well and to the utmost of our ability, having paved the way for our reign while yet in high school.

One of the leading turkey raising counties in Texas is Caldwell County.

Twelve Canyon High Lads and Lasses from Senior Class Depart from Alma Mater

Since twelve members (three girls and nine boys) of the senior class thought they had enough of our old CHS, they've graduated now. Being influenced by Uncle Sam to rush up education, these graduates leave four other Seniors behind who could have graduated at mid-term.

During her high school years, Polly Winstead, attending West Texas State College this semester, was president of the sophomore class, yell leader in 1941, corresponding secretary of FHT, a member of the Junior play cast, the Junior and Senior Honor Societies, Quill and Scroll, Junior Who's Who, vice-president of the Student-Faculty Congress, president of the Senior Honor Society, corresponding secretary WTSPC, and business manager of the Eagle's Tale.

Three Girls Are Graduating

Another girl schooling at the east end of town now is Martha Hannah Hammond, corresponding secretary of FHT. But in doubt as to what will occupy her time this next semester, Ermin Winningham has achieved the honors of junior play cast member, social chairman of her junior and senior classes, member of the Junior and Senior Honor Societies, Quill and Scroll, and copyreader on the Eagle's Tale staff.

Thinking more of education than of being president of the senior class, Louis Hinders has made a transfer to West Texas, while Clifford Abbott, star tracker and footballer, plans to work this extra half year.

Happy as larks, the seniors above left their old alma mater at midterm to aid their country by enlisting in the armed forces, by engaging in war production, or by enrolling in college for the remainder of the school year. Left to right the graduates are: Clifford Abbott, "Speedy" Wright, Martha Hannah Hammond, Calvin Sanders, Polly Winstead, Robert Avent, Sponsor Mrs. Guy B. Tabor, Ermin Winningham, Louis Hinders, Andy Walsh, Lewis Hales, Johnny Harter and Dick Woods.–Photo Hud Prichard.

Having served as an Eagle's Tale reporter, member of the junior play cast, Junior and Senior Honor Societies, three year band letterman, and vice-president of the Senior Honor Society, Andy Walsh has enrolled at W. T. Johnny Harter, journeying clear to California to go to school at the University of California, was vice-president of the senior class, editor of the Eagle's Tale, member of the junior Who's Who, junior play cast, Quill and Scroll, Junior and Senior Honor Societies and five year letterman in band.

Since football, basketball, track, and boxing are all over, Speedy Wright and Calvin Sanders have resigned from classes their last semester. Boosting the enrollment of West Texas State is Dick Woods, former football star, president of seventh and eighth grade classes, member of the Junior and Senior Honor Societies, junior play cast, junior Who's Who, 1941-1942 Student-Faculty Congress vice-president, and president of the congress this year.

Paper Declares Wishes

Also to join the forces of our home college is Robert Avent, outstanding football, boxing and track star, member of the junior Who's Who, and Fire and Air Raid Chief. Then, the last of these mid-term graduates is Lewis Hales, hoping to become a member of the navy air corps. During his years in high school, Lewis was co-captain of the football squad '41-'42, all-district halfback, member of Junior Who's Who, livestock dairy judging teams, and president of FFA.

To all of these previously listed exes, the Eagle's Tale does hereby extend their best wishes!

Hinkle Sponsors Press Meeting

New Treasurer Assumes Duties Replacing Harter

Replacing John James Harter, who has moved away, Shirley Harrell has accepted the office of treasurer of the Panhandle High School Press Association and will serve at the annual convention to be held at West Texas State College on February 6.

"High Schools and the War" is the theme of this convention and a federal official is to be speaker at the 2:30 general session while a newspaperman will speak at the 6:30 dinner.

Registration will start at 1 p. m. Saturday afternoon and will close with a basketball game between West Texas State and New Mexico University.

Olin E. Hinkle, professor of journalism at West Texas State, is general sponsor; and officers for the year are Shannon Black of Tulia, president; Porter Brooks of Dalhart, vice-president; Nona Deen Rose of Hereford, secretary; and Shirley, treasurer.

Because of transportation difficulties, only five delegates will be permitted to attend the rally from each club.

Cadet Prefers West Texas Girls

Hailing from Alaska via Seattle, Washington; Riverside, California; and Santa Ana, California; is Aviation Cadet Lester A. Smith, former student and graduate of Canyon High School, and radio operator in the United States Army Air Corps.

Teaches Native to Dance

During his sixteen months in Alaska, Lester was in close association with Staff Sergeant George T. Schmitz, another Canyon High Student who graduated in 1932, and is now in charge of a major field of aircraft engine repairing. While near Point Hope on a repair mission George entertained a little native girl by teaching her how to dance, United States style, to the tune of an obsolete record. By the time he was finished, she could "shake as wicked a hip as any little lass in the United States." Don't be discouraged girls; Lester still thinks Texas girls are pretty nice. He said, "In all my travels I never saw a woman or girl that could quite measure up to a girl of Texas, especially those of Canyon High, past or present."

Even if Army food does make you strong and healthy, Lester said that his mother's cooking certainly tasted "swell" after sixteen months of Army "chow."

Alaskan Women Friendly

Native women of Alaska are, according to Lester, quite friendly. In fact one evening while he was minding his own business, two little Alaskan lassies fairly took him over, or rather, tried to. Bashful Lester quietly retired to join his friends.

Received Air Medal

In October, 1942, Lester received an Air Medal for extraordinary achievement in air activity. When praised for this, he merely blushed and said, "Oh, it wasn't half so heroic as every one tried to make it sound."

Even though he has greatly enjoyed being home these past five days, he will be glad to get back to Santa Ana where he will receive further air combat training.

Spanish II Gives Teacher Dinner

Club President Presents Sponsor Roseville Vase

Adios Amigo!

Teachers are popular people, particularly when they are leaving. At least this seemed to be the case of Mrs. James Jennings, Spanish instructor, who was honored with a farewell supper by the Spanish II Club, Wednesday, January 20.

Served at the home of hostess, Mary Alice Campfield, the supper consisted of fried chicken, hot rolls, buttered green peas, potato salad, coffee, and ice cream, all eaten amid a mixture of jokes and laughter. Reliable reports say that the entire Spanish Club including Mrs. Jennings left considerably expanded.

Juanita Anderson, club president, presented a lovely piece of Roseville pottery to Mrs. Jennings, who said she had enjoyed her work greatly. Besides teaching Spanish and several sub-freshman classes, Mrs. Jennings found time to be sponsor of the Junior Class.

Sullivan Launches School Project

In order to recognize the war efforts of Canyon High School, Miss Rhita Jean Sullivan is launching the High School Victory Corps this week through her homemaking classes.

Application blanks for membership in the organization are being prepared and members will soon be wearing caps which may be made by homemaking students. Three general requirements for membership in the corps are physical fitness, appropriate school studies and participation in war activities.

"We are opening the Victory Corps to freshmen as well as upper classmen because of the enthusiasm these students showed toward the organization," said Miss Sullivan, director of the corps.

New Pupils Take Places in School

With the second semester of work before them, nine new students have taken their places in Canyon Public School.

Zola Fay McBrayer joined the seventh grade while Billy Davenport, Betty Jeanne McBrayer and James Meroney entered the eighth grade. Other new students are Florence Buchanan, sophomore; Kathryn Davenport, junior; and Marvin Davenport, senior.

Mrs. Bishir's first grade in the elementary school has also increased the school's population by the addition of two new students: Richard Dale McCuistion and Patsy Ruth Crain.

FFA Administers Greenhands Oath

Future Farmers of America administered their annual initiation to four greenhands to-day at noon in the agriculture room of Canyon High with Lewis Hales officiating.

Richmond Hales, Weldon Lindsey, Wilbert Wendelken, Ross Bruner and Olson Forbus accepted this title and will wear green hands for several days.

Program Closes Music Practice

Program Selections Are Varieties of Classicals

As a culminating feature of eight years of study, Anita Davis will present her high school senior piano recital this evening at 5:30 o'clock in her home.

Included in the list as program selections are "Arioso" by Bach, "Rondo in C" by Beethoven, "Marche Mignonne" by Poldini, Grieg's "Nocturne, Op. 54 No. 4," Debussy's "Golliwog's Cake Walk," and Wolfe - Savino's "Short'nin' Bread."

Between the second and third selections, Doris Ann Jennings, second grade student, will give the readings "A Child's Almanac" by J. W. Foley, "The New Boy" by Wilber D. Nesbit and "Castor Oil" by Edgar A. Guest.

Besides being a highlighted player on several piano presentations, an accompanist for the Canyon High School Chorus, and the pianist for school assembly programs and many extra features, Anita occupies a first chair in the clarinet section of the band.

During her years of music study, she has been instructed by Mrs. Lee Foster, Mrs. Herschel Coffee, and Mrs. Houston Bright, her present teacher.

To the invited guests of the recital, Anita and her mother, Mrs. R. B. Davis, will serve light refreshments.

Sanders Receives Honor Trophy

Selected as a member of the Stratford all-tournament team, Calvin Sanders will receive an honor trophy.

Five boys from the eight participating teams were chosen for ideal teamsters by votes of the coaches and referees of the teams.

Stinnett, Boyce City, Canadian, Dumas, Texhoma, White Deer, Stratford, and Canyon rotated playing in the tournament.

Being a mid-term graduate, Calvin, in this tournament, ended his high school basketball career which included five years of playing and four on the first string. He has also served as coach for individual intramural basketball teams for two years.

Ex-Students Visit Old Alma Mater

Visiting Canyon High School last week while on furlough were two ex-students, Dean Nicholas and Alvah Doak, representative of different branches of the armed services.

Having arrived home from the United States Naval Air Station at Corpus Christi, Dean will return to his base on Saturday, where he will resume his training as electrician's mate third class petty officer.

Alvah, who is stationed in the Fifteenth Ferry Command at Presque Isles, Maine, is a corporal in the Army Air Corps. He returned to his base Monday.

Tabor and Speer Select Staff

Second Graders Are Enemy Stampers

"Buy some Stamps and stamp out the vamps," seems to be the motto of Mrs. Roscoe Davis' second graders, as they attempt to stamp out the three members of the World War II Triumvirate.

Each amount of Stamps the students buy places one stamp the same size with their name and the amount bought on the dictator.

After voting to stamp out Hitler first, these grade boys and girls blotted his eyes and ears, then the rest of his face. In one week, $13.30 stamped out every part of the facial picture of Hitler.

Mrs. Davis commented, "This portion of our war activities has created a definite interest in buying War Stamps, and we hope to speed up the stamping out of Hirohito and Mussolini."

War Necessitates Subject Variety

To prepare seniors for war service after graduation, Canyon High School is offering a variety of thirteen subjects from which they may take electives.

Making up the list are band, chorus, homemaking II and III, shop, physical education, Spanish, typing, chemistry, algebra II, bookkeeping, journalism, aeronautics, farm engineering, mechanical drawing, military drill, vocational agriculture, and automotive mechanics. Another vital subject, home nursing is being introduced this semester and if there is enough demand for it, Milton Sanders may offer a radio course.

For both boys and girls, the physical education classes, including obstacles courses, are being streamlined for physical fitness in the war effort.

English classes which studied literature the first semester will change to grammar, and grammar students of last term will study literature this semester. In English IV, seniors twill be given studies which will help them in college grammar, in letter writing, and in telephone use.

Students Present Writings and Art

Johnny Harter, former editor of the Eagle's Tale, won honorable mention in the editorial division of a Quill and Scroll contest. He worked against time and competed against journalists from all over the country.

Besides this honor, another senior boy has added another credit for his name. Joe Ziegler, a student of art at West Texas High School, had four drawings placed in the hall as exhibits of high school art.

CAA Boys Smash Eagles' 56-34

Cruelly smashing down the Eagles' defense, the Civil Aeronautics Authority team triumphed in a gruelling game, Wednesday, January 20, with a score of 56-34.

This game represented the Eagles' last hope of winning over the CAA's before first stringers Calvin Sanders and "Speedy" Wright bade goodbye to C. H. S.

Grade Teacher

Replacing Mrs. R. E. Harter as third grade instructor is Mrs. Houston P. Doughty from Bivins Station Elementary School in Moore County.

Mrs. Doughty received her Bachelor of Science degree in 1935 from West Texas State College where she majored in primary education.

Having lived in Canyon the greater part of her life, Mrs. Doughty was a member of the first seventh grade class to graduate from the grade school building as it now stands. She was graduated from Canyon High School in 1931.

This new elementary teacher has no special hobby, but she likes to knit, crochet, swim, and "do just a little of everything."

Teacher Receives Fruit and Candy

To honor Mrs. A. K. Goodman, their home-room teacher, the Sixth Grade students gave her a surprise fruit shower Friday afternoon.

Mrs. Goodman received various fruits and candies from the children of her class and popcorn prepared by some of the boys.

"I married my first husband for money and my second for love."

"You must be a very happy woman."

"Not exactly. You see, my first husband married me for love, and my second for money."

"I have a pain in my abdomen," the recruit told the Army doctor.

"Young man," the doctor replied, "officers have abdomens. Sergeants have stomachs. You have a belly-ache."

Dowd Will Head Staff of Paper

Davis and Ziegler Accept Positions of Assistants

Following a custom of changing editorial staffs of The Eagle's Tale at the end of the first semester, Superintendent J. B. Speer and Mrs. Guy B. Tabor selected Martha Jean Dowd, Anita Davis, Molly Nan Ziegler, and Carolyn Black to pilot the school paper for the next term.

Martha Jean, Junior class president, FHT president, Youth Council president, Senior class secretary, a three year letterman in band, a member of Quill and Scroll, the Junior and Senior Honor Societies, and Junior Who's Who, will succeed John James Harter as editor.

Assistants Give Achievements

Anita, Quill and Scroll member, four year band letterman, a member of the Junior and Senior Honor Societies, secretary of the Senior Honor Society, and a Junior Who's Who member, accepted the office of assistant editor. Along with her, Molly Nan, actress in both the Sophomore and Junior plays, Sophomore class president, Sophomore Hallowe'en queen candidate, and a member of the Junior and Senior Honor Societies, will assist the editor.

Helpers Are Named

Manus Read Foster was appointed Sports and Activities Editor, and Shirley Harrell and Ellen Sanders took the positions of copyreaders. Manus Read is a member of both the honor societies and was an actor in the sophomore and junior plays; while Shirley had a part in the junior play, is a member of both honor societies, corresponding secretary of the Texas FHT, Student-Faculty Congress secretary, junior class secretary, and a Quill and Scroll member. Ellen, a sophomore, is secretary of the Junior Honor Society, vice-president of FHT, band member for two years, and president of the freshman class.

Buffalo Track Men Commence Work Under W. W. Nicklaus

Track and field events, sports which flourished at West Texas State years ago are being revived here this year by the coaching staff, under the direction of Coach W. W. Nicklaus.

Coach Nicklaus, who started limbering-up workouts two weeks ago, is highly optimistic about the prospects of the Maroon and White on the cinder paths this year. He tentatively plans meets with Hardin-Simmons University, Texas Tech, and the Fat Stock Show at Fort Worth before taking his short clads to the Border Conference Meet this spring.

Coach Nicklaus, who at present is taking some of his boys from outside Buffalo Courts for the track team, much like Jack Curtis did two years ago for the football team, says that track catches the college men who aren't big enough or tall enough to make the varsity football and basketball teams. There are plenty of kids, who are stout and rugged, weighing between 140 and 165 pounds who will make excellent track material.

W. W. NICKLAUS

Training during the initial two weeks this year, for the most part, has been indoors, where conditioning is the prime factor now. "I won't let a man run unless he is in tip-top shape," he said here today. Coach Nicklaus says that boys enjoy this sport much more if they are in perfect condition. At least two more weeks will be spent in conditioning workouts before the tracksters here really open up and start competing for positions on the team.

Tom Brooks, who was elected captain of the team last year, was graduated at the end of the first semester and will not participate this spring. A new captain will be elected in about a month.

Buffalo Courts boys who are working out now include James Epps, Curtis Kelley, J. P. McMa-Montgomery and one for Hedges Don Anderson, Duyane Byars, J. N. Trotter, Butch Boyter, Willis Hedges and Willard Hedges.

Other students who will probably land berths are Edward Brannon, Eugene Walker, James Montgomery, James Davis, Spicer Gripp, Glenn Bunch, Mac Thomas, Frank Cannon, Bill Meadows, and Merle Montague.

A number of high jump prospects are expected from the personnel of the "Tallest Cagers," including Eugene Keating, and one of the twins, Cloyce Box. Johnny Thomas, football co-captain the past season, and C. M. Teague will report for practice when the next semester opens Tuesday. Teague will be a weight man and Thomas a dash competitor. Butch Boyter, former Amarillo Sandstorm footballer, is the only pole valter on hand now. Trotter, Montgomery and one of the Hodges twins will also work principally in the weight division.

Coach Nicklaus expects to use the Hedges twins, from Olton, as key men in several places. One is adept at sprints while the other specializes in the discus and shot put.

Not So Crazy

A guest left his hotel room early in the morning and took the elevator to the ground floor. He then proceeded to the revolving door, entered and spent the next two minutes going round and round with the door.

"Just a minute, sir," said the puzzled hotel porter. "Do you realize you've been going round in this revolving door for several minutes? There seems little sense in it."

The guest said: "It's quite all right. I'm just taking a walk before breakfast to sharpen my appetite."

"Why don't you walk down the street instead of galloping round in the revolving door?" suggested the porter.

The guest shook his head.

"I can't go too far," he exclaimed. "I'm expecting a telephone call any minute."

"They say the hardest thing for an actor to do—the highest art—is simply to do nothing."

"Is that so? Then my boy Joe must be a natural born actor."

PHSPA To Meet On Campus February 6

West Texas State College will be host to a school press conference on February 6, with the theme, "High Schools and the War" when the Panhandle High School Press Association holds its annual meeting on the campus in the form of an editorial conference. This conference replaces the regular convention which cannot be held under wartime conditions.

Not more than five persons from any member school of the Panhandle High School Press Association may be registered as participants.

Program arrangements are in charge of Shannon Black, president from Tulia and Olin E. Hinkle, head of the College News Service and sponsor of the College publications.

Other officers are Porter Brooks, Dalhart, vice-president; Nona Deen Rose, Hereford, secretary; and John James Harter, Canyon, treasurer.

Now is a good time for all business men to take a good look at the last syllable in industry.

To serve you best...

WE MUST SERVE THE NATION FIRST

Long distance telephone calls are helping move things faster these days in scores of army camps and munitions factories. And long distance telephone lines are crowded.

We know you're glad to help us clear the way for vital war calls by making as few calls as possible, by being brief, and by avoiding the long circuits to faraway cities particularly between 7 and 9 p.m. After all, war is everyone's Number One job.

But don't think we have forgotten that *your* calls are important, too. We're as anxious as ever to serve you when you need us. If we ask for your co-operation, it's because we know that to serve you *best*, we must serve the nation *first*.

SOUTHWESTERN BELL TELEPHONE COMPANY

1942 TAXES Are Now Due

All property owners of Randall County are called upon to pay their 1942 taxes as quickly as possible. Payments now will greatly facilitate work in this office during the usual rush period.

All citizens between 21 and 60 years of age are required to pay a poll tax. This payment must be made when other taxes are paid.

East Takes Rationing Seriously

Highways along the eastern seaboard are virtually deserted as motorists realize the OPA isn't fooling when restrictions are placed on pleasure driving. Before the no-pleasure-driving ban, the approach to New York's Holland Tunnel was crowded with vehicles (top photo). Now, traffic trickles through this important link between New York and New Jersey.

Zita Breezes

Lewis Hales graduated from high school at mid-term and will no longer drive the school bus.

Doyle Brittain arrived Wednesday from Dallas to drive the school bus. Mr. and Mrs. Brittain and children will be located in the school house after this week. They formerly lived in this community on the McAfee Ranch.

Miss Florence Buchanan of San Francisco, Calif., arrived last week to spend the remaining months of the school term with her aunt, Mrs. Henry Brumme. She has been enrolled as a sophomore in the Canyon high school.

Mr. and Mrs. David Dammeier and girls were guests in the John Moody home Friday night.
